Statement of Work (SOW) Pilot: Google AI Integrity Initiative

This Statement of Work ("SOW") is issued under the framework of the Consulting Agreement dated **May 4, 2026** , specifically designed to integrate the **8L8G8D** framework into Google's campaign against synthetic content degradation.

---

1. Objective: The "Clean Water" Protocol

The primary goal is to deploy the **Authenticated Ethical Integrity Agency (AEIA)** standards to distinguish Google Search and Gemini outputs from "AI Slop".

- **OIQ Integration:** Utilize the **InteReActive Reference Library** to establish a foundation of **Original Intelligence (OIQ)** for high-value search queries.
- **Slop Mitigation:** Implement the **"Sommelier Circuit-Breaker"** to prevent the publication of any content with an **AEIA Integrity Score** below **90%**.

2. Scope of Services & Technical Deliverables

The Consultant will provide the following "Human-Computer Interaction" (HCI) Gateway services:

- **Multi-Lingual Integrity Disclosure:** Simultaneous deployment of "Human-Audited" transparency footers in **8 core languages**: English, Spanish, French, German, Mandarin, Hindi, Arabic, and Portuguese.
- **Compliance Benchmarking:** Application of the **AEIA Universal Data Compliance Metric 2026.4.01** as the open-source benchmark for all pilot data.
- **Metadata Wrappers:** Embedding **C2PA metadata wrappers** into digital assets to ensure data provenance and link outputs to verified library episodes.

3. Financial Terms (Institutional Tier)

To reflect the scale of Alphabet's business practices, the payment structure is revised from the base agreement to the **Institutional Service Tier**:

- **Monthly License Fee: $103,702.67**.
- **Audit Capacity:** Up to **100 Audit Sessions** per month.

- **Annual Forecast: $1,244,432.00**.
- **Payment Schedule:** Monthly payments are due on or before the **4th** of each month.

4. Regulatory Alignment

The services are specifically architected to meet **2026 global standards**:

- **Transparency:** Compliance with EU AI Act Art. 50.
- **Provenance:** Compliance with **CA AB 2013** regarding data source disclosure.
- **Oversight:** Alignment with the **CO AI Act** regarding human intervention in automated systems.
